

Preview of February 2019 Meeting on Jigs and Fixtures

Jig Swap!! Let's make this
interactive and info-packed

4 categories for jigs and fixtures

1. Essential - Used “every day”
2. Necessary, but used sparingly
3. Specialized jigs for a specific project
4. “Jig Swap” - used in past but now you’re willing to pass on to next builder

1. Essential - Used “every day”

Every table saw needs a crosscut sled

2. Necessary but used sparingly

Resaw fence for a bandsaw

3. Specialized jigs for a project

- Example: jig “family” to build triangular tables

4. “Jig Swap” - used in past but now you’re willing to pass on to next builder

What jig or fixture was built to make these graceful curves?

4. “Jig Swap” – Jig to create these graceful curves

1 ½” thick

3” thick

“Jig swap” – bring in your unused jigs

Head of bed frame –
deeper curve

Foot of bed frame
– shallow curve
