### April 20 Meeting

Our April 20th meeting will be held at the mainliner club, and will be hosted by Al Umhoffer of Edelweiss Restoration. Al says he is not a woodworker, but when I checked out his shop I found out he is a woodworker, a machinist, a mold-maker, a tool maker, etc., etc., etc.

Photos of his work as well as tools and jigs he has devised over his 30 years in the restoration field will be shown.

Also at the April meeting we will be judging the 2X4 contest and we will have our tool swap.

Please call Don Naples at (707) 433-5234 or Mike Bray at (510) 601-8451 if you have any questions.

### TOOL SWAP

The Tool Swap is on the April 20th meeting. Bring any tools you want to swap to this annual event. Everyone always enjoys this event.

### TOYS FOR TOTS

by Don McGrew (415) 665-6206

Don asks club members to contact him with toy ideas and designs for club programs.

### WOODWORKERS' SHOW

April 21, 22 & 23 in Pleasanton. Anyone who would like to get in free can work at the show at the BAWA booth. Call Al Semenero at (415) 595-1273 for available times. It's fun and easy.

## **BACK TO BASICS**

Your participation in these presentations is requested. Please see Michael Bray or Don Naples for scheduling a time for a Back to Basics presentation. See Al Semenero for copies of previous presentations.

## **TAPE LIBRARY -**

A list of the tapes available is listed elsewhere in the newsletter. A tape may be rented for \$2.00 for the month. A \$5.00 fee is charged when the tape is taken and \$3.00 is returned when the tape is returned the following month. If the tape is not returned at or prior to the next meeting, the \$3.00 is retained by the club.

## **SOURCE GUIDE -**

A source guide listing, shown at the last meeting will continue to evolve over time. There have been many additions this month. The listing will be available at the Back to Basics library box and is intended to provide a current reference of good sources for wood, services, and tools. If you know of a source to be added to the list, see Don Naples. The use of this data is intended only as a guide. The decision to use a source is up to the user.

## **WOODWORKING AND COMPUTERS -**

This month I found some great information on the Internet. Check the library for copies of these new finds. New articles include a chronological listing of WoodSmith projects, an article on electric motors, a woodworking "FAQ" list which has lots of

tips on a variety of woodworking subjects, and lots of addresses for the Source Guide.

## **2 x 4 CONTEST -**

Rather than rush everyone for the 2 x 4 contest, we are delaying the contest one month. Sorry for the confusion, but we hope this gives more time for entries, allows us to hold the competition at the Mainliner, and still allows us to have the contest prior to the Woodworking show.

The rules are as follows. You may use any type of wood with a maximum dimension of 2" x 4" x 8' to make the entire project. Your project will be presented for judging by the membership during the April 20<sup>th</sup> meeting. Prizes are awarded to first through third places. Please participate in this fun event.

## **WHEN WE LAST MET**

by George Comstock

My apologies to George Comstock. I misplaced the computer disk with this article. We will run it in the May newsletter.
