Time: Socializing    7:00 pm  
      Meeting        7:30 pm

The January meeting will be at the new Mission City Millwork, Inc. in San Jose, CA. Socializing will start at 7:00 pm and the meeting will begin at 7:30 pm. The owner, Rich Jenson, will discuss what they do and how they do it, what works and what doesn't work. Mission City Mill works in wood cabinets, wood window sashes, wood doors, wood and other laminates and architectural millwork. These are areas all of us get into at some time, and areas where we usually have lots of questions. Here's the opportunity to see how the professionals handle problems. Rich said the roads to his company were high and dry. Also, no flooding or water at Mission City.
