October Meeting

October 17th, 7:00PM. Sandor Nagyszalanczy. This meeting will be held at the Mainliner Club in San Mateo. Sandor is a Bay Area woodworker and author. His book on *Shop Jigs and Fixtures* is remarkable for its usefulness but also for its aesthetics. Sandor uses straight-grained Douglas Fir for many parts of his jigs, giving them a look that is hard to describe but a joy to behold. Sandor's presentation to BAWA is open-ended at the moment but whatever its focus we can expect to learn a lot.

We will also be nominating Club Officers for the coming year at this meeting.

November Meeting

November 21st, 7:00PM. Lee Maning of Pacific Frame. This meeting will be held on-site at Pacific Frame in San Francisco. They specialize in making furniture skeletons for upholstered furniture. Our Program Director happened upon this company by accident one day while on a walk, and looking in the big roll-up doors was amazed at the spectacle of rows and rows of rafters with rows and rows of furniture patterns hanging neatly from them. There must have been hundreds up there, and Lee Maning tells us they date back decades. This will be a great chance to learn about the special considerations of designing upholstered furniture. Pacific Frame, 3030 17th St. (at Treat), San Francisco.

December Meeting

December 19th, 7:00PM. Potluck Dinner. This meeting, as usual, will be held at the Mainliner Club in San Mateo. Besides eating lots of great food, we will be finishing off club business for the year. All *Toys For Tots* projects for Christmas distribution should be brought to this meeting and proudly displayed, then handed over to Don McGrew for distribution. We encourage family participation at all times but especially at this meeting. Bring your 'Significant Other'!
