

MEETING ANNOUNCEMENTS

June 1997

June 19, 1997 WHERE WE MEET

From 880:

Take High St. Exit; cross High St Bridge; right on Lincoln; go about 10 blocks to Union; right on Union; Union dead-ends on Clement. *The Park Street Bridge will be closed for repairs--you can't use it.*

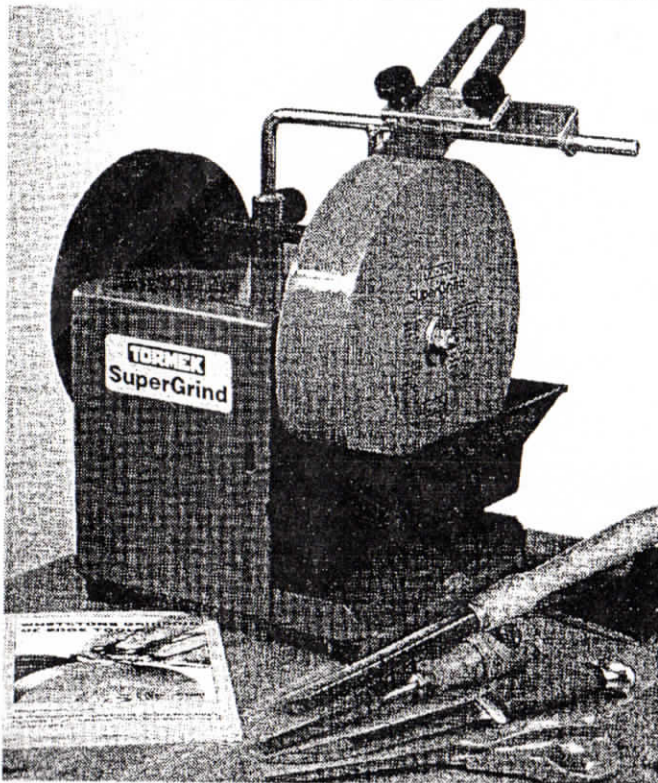

June 19 Meeting

7:00PM — 10:00PM AT WOODLINE, IIN ALAMEDA

The June BAWA meeting will be held at Woodline/The Japan Woodworker in Alameda.

The centerpiece of the meeting will be a complete demo of the Tormek 2000 sharpening system, which BAWA will soon acquire for use by its members.

A BAWA visit to Woodline is like a pilgrimage. We will be given ample time to admire the many fine tools, browse through the store, and buy one of everything (which is what we all end up wanting to do).

The BAWA TORMEK 2000

At the June meeting at Woodline, we'll get a complete demonstration of the Tormek 2000 Supergrind System.

The Tormek can easily sharpen anything from chisels to jointer blades.

BAWA will be acquiring a system soon, and members will be able to check it out for use a week at a time for the small charge of \$25.

If you prepay your contribution toward the system, the weekly charge will be reduced to \$20/week.

To prepay, contact Linda Salter, BAWA Treasurer, at 415-365-4093.
